

VT-1002

AVENTA

AVENTA FLOAT REELS FEATURE:

- Precision machined stainless steel spool shafts
- 1-piece Machined Rigid Frame construction
- Machined aluminum anodized spools
- On/Off click ratchet for added spool tension
- Ported spool with exposed rim for easy control
- 2 stainless steel Japanese ball bearings

Float fishing is a unique and specific technique. The center-pin crowd is dedicated, knowledgeable and passionate about their sport. They are also extremely discerning about their tackle. The introduction of the Aventa center-pin sets a new standard for what can be expected in a fully-machined float reel.

The Aventa series is made from solid aluminum bar stock, for precision spool alignment and maximum freespool. The VT-1002, with two stainless steel ball bearings, is excellent for casting directly from the reel or for drag-free drifts.
